

UNIVERSITY OF GEORGIA

Georgia Commitment Scholarship Program

The Georgia Commitment Scholarship Program is designed to grow the number of need-based scholarships awarded to UGA students – a giant step toward eliminating the financial obstacles facing many students.

Last year, **5,608** undergraduate students were **Federal Pell Grant Recipients.**

- 45% had a family income less than the cost of tuition and fees for a resident undergraduate (\$12,080)
- 43% were from families without the ability to contribute to college expenses
- \$13,633 was the average gap for students with no expected family contribution
- \$100,108,257 was the total amount of unmet financial need for Georgia undergraduates

The success of the Georgia Commitment Scholarship Program—which launched in 2017 and has created more than 600 endowed scholarships and committed over \$90 million to need-based aid—proves that **individuals can have a dramatic effect on the lives of students with need.**

The first full cohort of GCS recipients graduated in May 2021, having participated in or led dozens of campus organizations, and their post-UGA destinations include corporations, non-profit organizations, graduate school, medical school and more.

Students like these are defined not by their need, but by their **determination to build a better tomorrow** for themselves, their families and their communities. These students, who pursue education in the face of financial strain, need support. We are committed to bridging this gap. By contributing to the Georgia Commitment Scholarship Program, you could help us do just that.

“This scholarship means the world to me. It helped me afford the once-in-a-lifetime opportunity to come to UGA, meet new and exciting people, expand my network, and so much more.”
