

LIFE INSURANCE

Life insurance is a great option allowing you to amplify your impact at the University of Georgia. Through life insurance, you can make a gift to benefit the university far in excess of what you thought possible at relatively little or no cost to you. Here are several options available to you.

PURCHASE A NEW POLICY

How does this work?

You name the “University of Georgia Foundation” owner and beneficiary of a brand-new life insurance policy. You make annual gifts to the Foundation to cover the annual premium amounts. When the policy matures, the proceeds are distributed to the Foundation to benefit the program or area you have designated.

Benefits:

- Annual gifts to offset premium payments may be fully tax deductible.
- Assets earmarked for family remain in tact.
- Qualifies you for membership to the Heritage Society, the university’s deferred gift recognition group.

Gift Acceptance Requirements:

The Foundation’s detailed policy can be found on their website: www.ugafoundation.org.

In summary:

- Policy must carry a minimum face value of \$25,000.
- Premiums must be no more frequent than annually.
- Preference that policy be guaranteed through at least age 100.
- Insured must be donor or donor’s spouse/partner.

TRANSFER OWNERSHIP OF EXISTING POLICY

How does this work?

You name the “University of Georgia Foundation” owner and beneficiary of an existing policy where prior premiums have been paid directly to the insurance company (and there is likely an accumulated cash value). If premiums remain due, you make annual gifts to the Foundation to cover the annual premium amounts. When the policy matures, the proceeds are distributed to the Foundation to benefit the program or area you have designated.

Benefits:

- Annual gifts to offset premium payments may be fully tax deductible.
- May receive a charitable income tax deduction equal to lesser of policy’s value or donor’s basis in policy.
- Qualifies you for membership to the Heritage Society.

Gift Acceptance Requirements:

The Foundation’s detailed policy can be found on their website: www.ugafoundation.org.

In summary:

- Policy must carry a minimum face value of \$25,000.
- Premiums must be no more frequent than annually.
- Preference that policy be guaranteed through at least age 100.
- Insured must be donor or donor’s spouse/partner.

BENEFICIARY DESIGNATION

How does this work?

You designate the “University of Georgia Foundation” as beneficiary of all or a percentage of the policy’s value. Once the policy matures, the proceeds are distributed to the Foundation to benefit the program or area you have designated.

Benefits:

- One of the easiest ways to make a charitable gift.
- No update to will required.
- Estate may benefit from an estate tax charitable deduction.
- Revocable if circumstances change.
- Qualifies you for membership to the Heritage Society.

Gift Acceptance Requirements:

The Foundation accepts all gifts where the Foundation has been designated as beneficiary.

Term & Contingent

Though term and contingent gifts will qualify you for membership in the Heritage Society, the gift will not be counted in campaign or fundraising totals.
